

### Product Summary

Our range of Directional Leisure TV Aerials offer uncompromised performance without the need for a permanent through-the-roof installation. The 14 Element Mobile TV Aerial is ideal for medium signal areas where a temporary mount solution is preferred. Complete with Unimax Clamp, mast and pre-wired coaxial cable, the 14 Element Directional Aerial Kit offers everything you need to mount the aerial and route to a TV.

### Unique and Innovative Features

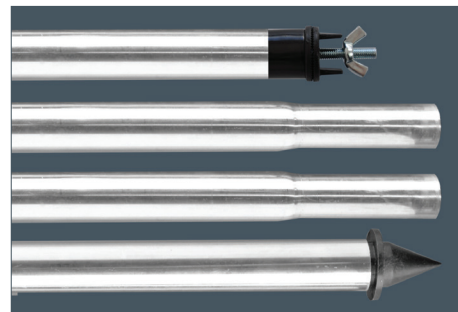

#### Two Part Aerial

Splits into 2 compact parts for storage and transportation.

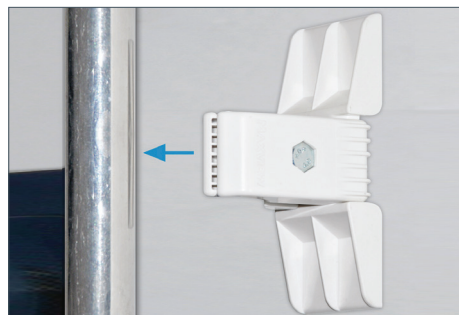

#### Quick Release Clamp

Offers easy assembly and disassembly using locking clamp.

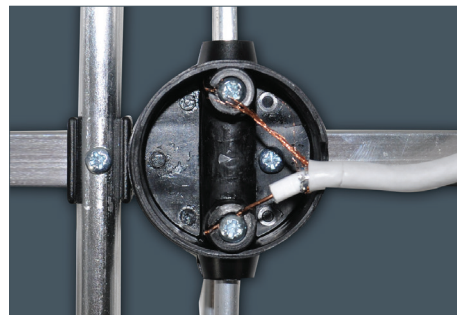

#### Four Piece Vehicle Side Mast

Complete with Ground Spike and integrated Mast Adaptor, the Vehicle Side Mast provides a reliable mounting platform for the aerial using a single fixing point, without the use of tools.

#### Quick Release Unimax Clamp

Spring action clamp offers a quick and reliable temporary mast mount on the side of any touring vehicle. Clamp can be permanently mounted on any flat surface with fixing screws or self-adhesive pads provided.

#### Pre-wired Coaxial Cable

Factory fitted coaxial cable connection into dipole.

### Features
